

Areas of Competence

Custom E-Learning

We create custom E-Learning solutions for various topics and purposes. Based on a large range of didactical choices and diverse methods we produce the required solutions for special target groups based on individual requirements.

Courseware

We offer you a wide range of high-quality E-Learning courseware for various off the shelf topics. Even for additional language versions you can expect the same high quality. All courseware for off the shelf topics is based on sophisticated technology.

Seminars

We offer seminars as well as coaching. You can intensively draw upon our experience in software migration projects as well as career development. Regarding the seminar contents and seminar location we completely go by your requirements and wishes.

Consulting & Qualification

We advise companies regarding their knowledge and learning management as well as change management processes, thereby making use of classical and new media for further training purposes.
